

Guy Clark

Somedays The Song Writes You DUNEDIN

His voice these days is a cobweb, but Guy Clark could still front masterclasses in

country songwriting. Here, as on his last couple of studio albums, he works with old and young co-writers, recording the results with a small, spare, understated band. Highlights: beautiful Hemingway's 'Whisky'; spooky 'The Guitar'; and his moving, midtempo, back-porchy cover of best friend Townes' 'If I Needed You.' **SS**
