Flatt & Scruggs

*Best of the Flatt & Scruggs TV Show, Vol. 1 and Vol. 2*

\*\*\*1/2

These fast-paced half-hour episodes of the legendary bluegrass duo's regional TV show zip by in a flash, as Lester and Earl lead their ace band (featuring Dobro master "Uncle" Josh Graves, who passed away last year) through then-current hits, traditional favorites, gospel numbers and comedy bits. It's Earl who steals the show, firing off lightning banjo runs with a knowing grin while remaining enigmatically silent. These two separately sold DVDs are a little skimpy at one hour each, but bluegrass buffs should nab 'em nonetheless.
